ADVERTISEMENTS

Foreward

As we leave Whitman High School, we reflect on those many golden days that we have shared during the past four years.

Before rushing forward to meet the future, we pause to relive some of our experiences in classes, sports, clubs, and social activities.

Along with the store of knowledge we have gained, we, the class of 1957, will remember always these experiences that have added so much to our Golden Days of high school.

Dedication

Dear Mom and Dad,

In fond appreciation of all the wonderful, sincere help you have given us during our school years, we dedicate this yearbook to you, our parents.

Without your understanding, and guidance our high school days would not have been complete. Throughout our lives you have tried to show us the right paths to follow; and even though we have been a little hesitant, we will benefit by your leadership.

We are trying in this small way to show you our deep gratitude and love for your untiring efforts during our Golden Days.

MR. ROWELL
Superintendent of Schools

At all times men have tried to measure and place a value upon things, both tangible and intangible. It did not take long for one material of outstanding economic value to become the standard for all such measurement. Thus, we now think of anything described as "golden" to be of superlative value.

Just as everyone does not place an equal value on a given object, so may we differ in our ideas as to what may be the Golden Days of our life. There are those who talk of their days in high school or college as the best days of their life, but thoughtful consideration should deny this emotional belief. Let me suggest three guideposts to help you.

Every person must work to be truly happy. He must produce goods or provide services which are needed by his fellow men so that he may have a feeling of accomplishment. Every person must play, or follow an avocation, so that he may grow as an individual as well as be continuously recreated. Every person must have a love of mankind and a love of God which allow him to recognize and to fulfill his place in the universe.

Whenever your life combines work, play, and love properly, you will be living in the Golden Days without limit.

The Golden Days of youth you have known are but the first few moments of the many golden days that stretch before you as you leave to go forward into life. Some of you will pick up your tasks to begin a life's career, while others of you will seek further education. It matters not what task you will be doing; the important thing is how you will do that task. Heed well the lessons you have learned in your homes, churches, and school. Take with you the knowledge and skills which you have acquired and use them to the last full measure of your ability. Stand firm upon the rock of love and faith which has been given to each of you by those you leave behind. Go with God; may He bless you with success and happiness, and may all your days be golden.

MR. JOHNSON

As you prepare to leave your high school days behind and step out into life I would call your attention to a virtue which is one of the prime requisites of what Aristotle called a "Complete life." This virtue is "Readiness to Serve." These words imply more than they say. Many times we find young and old ready and eager to serve, but the desire soon departs. These individuals do not wear. They lack staying quality. Every great task, and life itself, will require a "long pull." Real service involves determination and fidelity. Willingness to serve means little, if it evaporates too soon. The development of a worthy life demands diligence in one's vocation and in extra-vocational activities. It has been said that the measure of an individual lies in what he does in addition to what he is required to do and it is the gratuitous services which one renders often without observation, that furnish the most trustworthy measure of an individual's worth.

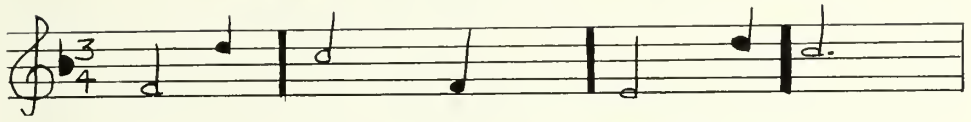
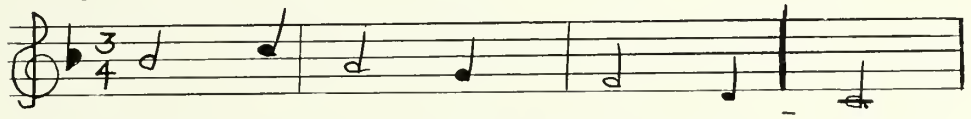
Class Ode

Words and Music by Priscilla Wood and Donald Straffin

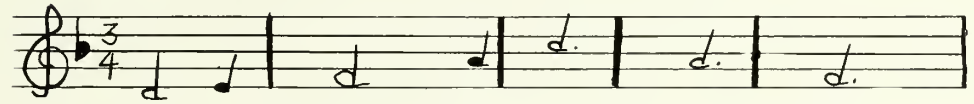


1. EARLY DAYS AT WHITMAN HIGH,
2. TOGETHER WE HAVE WORKED AND PLAYED-
3. GRADUATION DAY IS HERE;

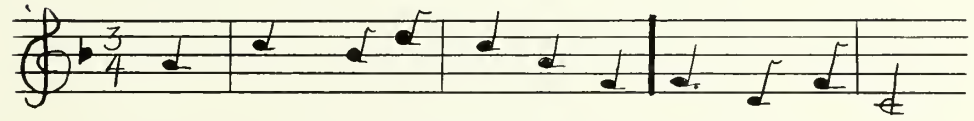


FILLED WITH INTEREST AND JOY;
HAPPY TIMES: OUR GOLDEN DAYS.
JOY AND SADNESS NOW WE SHARE.

STUDIES, SPORTS, AND SOCIAL WHIRL,
NOW WE WISH SUCCESS TO EACH
STARS OF HOPE SEND OUT THEIR RAYS,

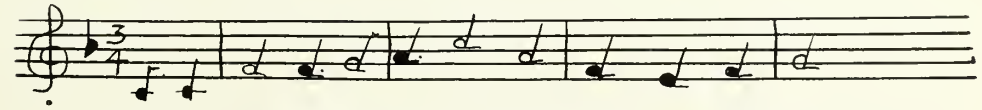


BUSY TIMES FOR BOY AND GIRL.
AS WE STRIVE OUR GOAL TO REACH.
GUIDING US THROUGH ALL OUR DAYS.

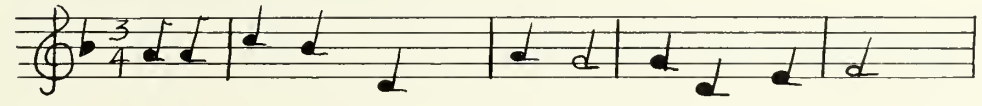


CHORUS

1. SO HERE'S TO THE MEM'RY OF OUR GOLDEN DAYS,
2. MAY GOD BLESS AND KEEP US IN HIS LOVING CARE;



TO OUR FRIENDS AND OUR TEACHERS, SO KIND AND SO TRUE,
MAY WE CHERISH THESE MEM'RIES ALL OUR LIFE THROUGH.



Class Prophecy

by Sandra MacLellan and Kathleen Dexter

A cool spring breeze floats gently over a small fluffy, pink cloud. Sleeping soundly inside the cloud is the "Spirit of 1957." He guided us through our Golden Days in high school, and it is now time for him to make a return visit to see if we have fulfilled our ambitions. After packing his overnight case, he starts his journey to Earth.

Flying over the jungle of darkest Africa, our Spirit sees Robert Hardiman, the great explorer. He has just returned from a visit with Tribal Chief, Pete Matthews, who awarded Cynthia Marchetti and Frank Johnson first prize for their dancing exhibitions at the Zulu Moon Ball. Our Spirit's halo is almost knocked off by a stray spear thrown by Nancy Shaw, so he quickly heads for the peaceful Mediterranean.

Looking down upon the cool, green water he sees "Blinky" Fullerton, who is making his thirteenth trip around the world in a home-made raft. The Spirit is astonished to see here also two beautiful yachts, owned by the multi-millionaires, Barbara Wells and Ann Kailher. He would like to stop and take a ride on one of them but he has a long journey ahead of him.

As he flies across sunny Italy, our Spirit spots the great singer, Ann Fernandez, who is being featured at the La Scala Opera House. Making her debut also is Judy Reid, conductor of the Mitchell Orchestra.

Our Spirit continues his trip, but he soon discovers that ice is forming on his wings. Looking down, he sees a party of mountain climbers slowly making its way to the top of one of the highest peaks in the Alps. As he flies closer, he recognizes the Dorothies Plasse, Rowell, and Roberts who are really fulfilling their dreams of seeing the world.

Our Spirit's next stop is Spain, where he finds the great bull fighter, Phil Joubert, being cheered on by a crowd of anxious spectators.

As our Spirit continues on into France, he sees the famous La Touraine Dress Shoppe in Paris where the new assistant to Christian Dior, Paul Agius, is having a style show. He is surrounded by his pretty models: Pat Grispi, Janet Cashman, and Judy Rich.

Crossing the Riviera, our Spirit finds it a great temptation to stop and join John Keaveney and George Derby on the beach, but there is still a lot of work to be done.

Our Spirit is now forced to fly at a higher elevation, for he is nearing Russia. Looking down, he sees a large machine that Donald Straffin has built to find the answer to the big question behind the Iron Curtain. To avoid going over this "Forbidden Territory" he heads for the beautiful Scandinavian countries, where Mll. Ellamae Hannan has been named "Miss, You Really are Pretty."

Passing over Ireland, he sees the inaugural ceremonies in progress, where a newly elected Lord Governor, Joe Downey, is taking the oath.

While gently gliding over the ocean, a sudden up-draft caused by the new space maker invented by Wayne Fisher forces our Spirit up into outer space, where a huge monster suddenly whizzes by him, knocking off his antenna. When the Spirit recovers from the shock, he finds that the monster was only poor Soupie Campbell and his jet plane. On his plane, hostesses June Thorndike and Janet Wilde are making comfortable the three great celebrities, Eva Baker, John Stetson, and Judy Wood, who are returning to Hollywood to make a guest appearance on the Mickey Mouse Club.

Being adventurous, our Spirit hitches a ride on the tail of a moon-bound rocket ship designed by Robert Ingalls. On this plane he finds Bachelor Girls, Joyce Fulginiti, Dorothy Churchill, Sylvia Ogden, Kathleen Dexter, Janet Lynch, and Elizabeth Hanson taking an exciting trip to the moon. They are adequately cared for by space stewardesses, Sandra Phillips and Jean Vallancourt.

As they reach the moon there is an unfortunate rocket crash, and the occupants of the plane are taken to the Moon School Hospital. An efficient medical staff composed of medical technologists, Sandra MacLellan, and Aletta Viniskas, and nurses Carol Currier and Joan Campbell, examine the passengers. Leaving his friends at the hospital, our Spirit meanders over to the new Moon School, where he finds such brilliant instructors as Janet Giniewicz, Bonnie Lindsey, and Charlotte Allen. As he leaves the school, a Moonmobile, which has just been repaired by mechanics Sterling Hanson, Donald Meek, and Kenneth Stowell drives up to give the Spirit a speedy trip back to Earth. Its operator, Roy Mendes, recently won a gold cup for driving faster than sound.

But bad luck is still with our Spirit, and he stubs his toe on the new TV tower built by Kevin McGrath in San Francisco. At cloud No. 17, our Spirit is picked up by the new United States Air Force plane piloted by Miles Harrington. He is immediately given first aid by flight nurse, Alice Kelley and rushed to the new Memorial Hospital. As soon as he arrives, he is wheeled up to the X-ray technician, Jane Sweinimer.

Jane Sweinimer takes X-rays of our Spirit's toe while nurse Linda McKinnon tries her best to comfort our weary patient. Dr. Douglas Wales finds that it is not necessary to operate, but he thinks he should stay overnight for a rest. He is quite discouraged! His job is only half completed; his toe

hurts; and because he lost his antenna, he cannot radio his superior spirit to let him know he will be back later than expected.

The next morning the head nurse, Ann Adams, and cheerful student nurse, Geraldine Cummings, help the Spirit polish his wings. While pharmacists, Judith White and Judith Carlson, fill his prescription with Toe Nail powder, invented by Howard Johnson, he goes to the business office, where he pays his bill to Rose Terzian, medical secretary.

The staff of the hospital hate to see the Spirit leave, for he brought back so many memories; but they all know he has a job to do.

During the night our Spirit's antenna had been repaired, and he now reports to the "Boss Spirit" Eleanor Swan, who tells him that researchist, Dorothy Buckman, has developed a new brain machine which will out-think "Univac" and shear sheep at the same time.

The Flying Eagles, made up of Ernest Amado, Robert Genereux, John Hamelin, and Ernest Archibald are sent out to escort our Spirit back to Earth.

Arriving back at Earth Air Force Base, our Spirit has to be ready to duck each plane. Having once lost his antenna, he must now be careful not to lose his halo, or he will have to stop at Tony Johnson's Halo Repair Shop. Our Spirit runs into more trouble,when he gets caught by Edward Reed, flying ninety miles an hour in a twenty mile an hour zone. Traffic judge, Joanne Davis, quickly gives him a ticket for speeding.

While flying across the United States, our Spirit tunes in the new radio program called The Trials and Tribulations of Married Life, featuring Bruce Baker and Brenda Clark. The program is sponsored by Wayne Andrews, owner of the Pizza Palace located in the petrified forests. Suddenly the program is interrupted by a news bulletin. "Richard Brown has just been awarded a prize for having sold the Brooklyn Bridge to Frank Wilson," announces Robert Hickey.

Looking down over the Great Lakes, he sees Philip Parks and Lester Smith still trying to build across those large bodies of water.

Visiting Washington, the Spirit learns that Robert Peterson, President of the United States, has just hired Elizabeth Caprio and Patricia Pierce as his secretaries. He has also appointed Dean Bartlett as Treasurer of the United States.

Our Spirit's troubles start again when he bites into a piece of hard fudge. However, his troubles are solved after visiting Karen Breil, dental hygienist, He seems to like the new set of teeth she gives him better than his old ones.

While at Washington, the Spirit watches a military parade led by General Richard Flood and his two body guards, Roger Nice and Arthur Howe. Behind the General, on a bicycle, is Janet Best of the Air Force and, giving away free candy, is Nancy Swanberg of the Waves. The band is being led by those two great musicians, Nancy "8 bar" Johnson and Philip "Sousa" Davison.

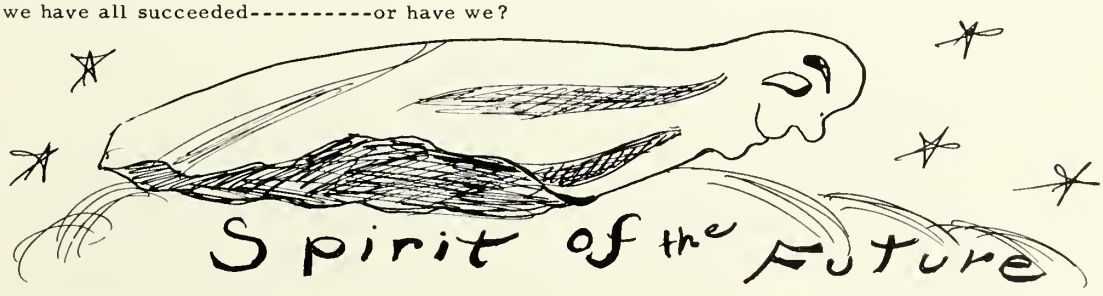
In a few hours the "Spirit of 1957" will have completed his journey, The next place he visits is the New United Nations building, where he finds Marie McCarthy, Grace Perkins, Marilyn Perkins, and Lillian McGowan in charge of public relations. Chief telephone operator on the 216'th floor is Joanne Burr. Secretaries to the foreign ambassadors are Beverly Wyatt, Norma Chamberlain, Beverly Shores, and Jeanne Barling.

Looking down over West Point he sees poor Butch Benoit walking tours on flirtation walk as a result of Priscilla Wood's saying "no" under the famed kissing rock. Also, being unveiled at the academy is a statue in honor of Brian McKenna, who out-ran the Army mule.

Coming in over Boston, our Spirit sees Jackie Reckord conducting guided tours on, of all places, the U.S.S. Constitution of which George Joubert is C. O. Marie DiMestico is seen painting the top deck of the ship.

As the Spirit flies over Whitman, he spots Judy Ripley, who is now permanent cashier in the new Regional High School cafeteria; her salary is quoted at "two free lunches an hour." The faculty at the school is now headed by Principal Frank Johnson and includes Sales Teacher, Alfred Lindberg; French Teacher, Alice Kelley; Driver Training Teacher, Richard Leitch; and Home Economics Teacher, Helen Staples. Marlene Coonan, of all people, is in charge of room 116, "the jug."

At last the Spirit has completed his task. Happy, but weary, he heads for his home in the heavens His soft, feathery, bed is waiting in his pink cloud for him, and he can now sleep in peace knowing we have all succeeded----------or have we?



Class History

by Dean Bartlett and Dorothy Buckman

One sunny day in early September 1953, we entered Whitman High, a rather confused group of Freshman. To get accustomed to schedules, classes, and homework was our first task. Soon after school began, we held our first meeting as a class at which time we realized how many of us there were and understood the job we had to do better. At the football rally, led by our cheerleaders, Mary Alice McLaughlin and Janet Cashman, we cheered for "Butch" Benoit the only freshman on the varsity football team. The talents of Judy Reid, Joan Campbell, Alice Locke, and Beverly Wyatt were well appreciated on the girl's basketball team.

June ended our first year at Whitman High School under the leadership of our class officers--Norman Sayce, Marie McCarthy, James Flynn, and Patricia Grispi.

In September 1954, the class entered as Sophomores, looking with confidence to the year ahead. Mrs. Austin and Mr. Brown, our advisors, did an excellent job helping to make our activities enjoyable and successful.

Many of our classmates were active in the Band, the Orchestra, and the Dramatic, Photography Latin, and Biology Clubs. In football Paul Agius, Brian McKenna, Dick Boynton, Roy Mendes, "Butch" Benoit, and Wayne Fisher aided the football team greatly in an undefeated season, the first in nineteen years.

On February 4, 1955, we presented our first dance, "Sweetheart Swirl," which proved to be a big success. Serving as class actively throughout the year in the Student Council were Judy White, Priscilla Wood, and Charles Benoit.

Our class officers were Robert Hardiman, Janet Cashman, Edward Champignie, and Priscilla Wood, all of whom worked hard for our class.

September 1955 started our year as upperclassmen without our Halifax classmates, who had entered the new Silver Lake Regional High School. Our advisors, Miss Thomas and Mr. Donavan, spent much time helping to make our Junior year a success.

The football team had another undefeated season. Roy Mendes, Brian McKenna, Ernest Amado, Paul Agius and Charles Beniot, made substantial contributions to the team's success.

In November we presented a dance, "An Old-Fashioned Walk," which was enjoyed by all. "Pete" Matthews, "Butch" Benoit, and Paul Agius were on the basketball team. Paul and Butch were also on the baseball team.

In March, also, twenty-one members were given a great honor when they were inducted into the National Honor Society. Our biggest project of the year was the Junior Prom, held in May The theme of our big fling was an "Evening in Paris." The gym was transformed into a bit of Paris in the Spring.

Seven of our classmates entered the Spellman Essay Contest. Nancy Johnson upheld the honor of our class by winning third place. We ended our Junior year by decorating for graduation and ushering for commencement. We then realized that our last year at Whitman High was soon to begin. Our advisors, Mr. Bayley and Mrs. Lapworth, have spent much time making this year an enjoyable and a busy one.

Election of officers was held soon after we started school, and James Matthews, Joan Campbell Janet Cashman, and Brian McKenna were elected.

We had a good football season with our team led by co-captains Paul Agius and "Butch" Benoit. Our class honored the team at a banquet in December. "Jack-o'-Lantern Jubilee," our first dance as seniors was an outstanding success socially and financially. Priscilla Wood, John Stetson, and Paul Agius led the Student Council in an active year.

The Honor Society had a very successful year holding the first regional conference and raising a sufficient amount of money to give two scholarships at graduation.

"Don't Take My Penny" our senior class play presented in March, was a huge success. John Stetson and Judy Wood were magnificent in the leading roles. The band, choir, and chorus, with many senoir members, provided much enjoyable entertainment for the whole school.

Honor was bestowed upon Charles Benoit when he was elected as Good Government Day Representative and upon Priscilla Wood when she was chosen as D. A. R. Representative.

Throughout the spring we were besieged by many tasks--Yearbook, Science Fair, Spellman Contest, Research papers--each guaranteed to leave no spare time for any senior.

As graduation nears, we remember the "Golden Days' we have enjoyed and hope that the future will be as enjoyable.

SPORTS

VARSITY FOOTBALL TEAM

Led by co-captains Paul Aguis and Charles Benoit, this year's football team won three games and lost five. Coaches Robert Teahan and Robert O'Connell were hampered throughout the year by scarcity of veterans and by injuries. However, prospects for the future are very good with such stalwarts as co-captains elect Gerald Benoit and Sonny English plus many promising sophomores.

Seniors playing their last game Thanksgiving Day were Paul Agius, Ernest Amado, Charles Benoit, Robert Hardiman, and Brian McKenna.

CHEERLEADERS

The Whitman High School cheerleaders deserve a great deal of credit for their energy at games and rallies. They include Janet Cashman and Mary-Alice McLaughlin of the Senior Class, Joyanne Packard and Deanna Deahan of the Junior Class, Meredith Butler and Susan Grover of the Sophomore Class, and Muriel Corliss and Barbara Zeller of the Freshman Class.

SENIOR CLASS PLAY

Don't Take My Penny, a three-act comedy, was presented by the Senior Class in the Whitman High School auditorium on Friday, March 8, 1957. The play was performed before a capacity audience, whose applause made the evening one of the most memorable among the Seniors' Golden Days.

The setting of the play was the living room of the Pringle home in a typical small town. The action revolved around a stage-struck young girl, Penny Pringle, who was convinced that she was to be selected to play the part of Dimity West in the new movie, "Stars In Her Hair". To complicate the plot, Sally, the maid, who had been a child star, was also convinced that she would play the part of Dimity West. The problems encountered by Penny and her boy friend, Kerry, kept the play moving at a fast pace and the audience very amused.

The cast included:

Penny, a pretty miss	Judith Wood
Sally, a maid with a purpose	Priscilla Wood
Norman Porter, her agent	Philip Parks
Caleb, Penny's father	Robert Hardiman
Mark, her brother	David Campbell
Mavis, her sister	Marie McMarthy

STUDENT COUNCIL

The Student Council held its first meeting of the season in October under the supervision of Mrs. Hartshorn and Mr. Robertie. Officers elected at the meeting were Priscilla Wood, president; Paul Agius, vice-president; Patricia Begg, secretary; and John Stetson, treasurer. Regular meetings were held every Monday during the second lunch shifts.

As members of the Southeastern Branch of Student Councils, delegates and representatives attended the Southeastern Massachusetts Conventions at Norton High School in the fall and Dartmouth High School in the spring.

In October the Council furnished the speaker for the annual Armistice Day Assembly Program and in December set up a Christmas tree in the assembly hall for the Christmas Program.

A representative was chosen to attend each meeting of the Committee for the Industrial Development of Whitman.

The Council also sponsored the Red Cross Drive, sold the students plastic book covers, and as in previous years, published handbooks as an aid to the incoming Freshmen Class. It discussed the possibilities of installing a candy machine and purchasing Student Council pens but decided to wait until the regional school opened before making final recommendations about these proposals.

This year the National Honor Society of Whitman High School was very proud to be host to the first area conference of Honor Societies ever to be held in New England. Every member worked diligently under the direction of Mr. McGarigal, our faculty advisor, and Eva Baker, our program chairman.

Our 1956-57 officers, who had been chosen the preceeding year, were Charles Benoit, president; Sandra MacLellan, vice-president; Beverly Shores, secretary; and David Campbell, treasurer.

In February we put on the Second Annual Scholarship Fund-Raising Benefit Movie. Robert Hardiman, chairman of the project, worked enthusiastically with the members to make the night a big success. The result of all our work was $464, from which we decided to give two $200 scholarships.

In May, our candlelight induction ceremony was held in the auditorium. Each new member was presented with an Honor Society pin and certificate.

We, the members of the Senior Class, will remember always our many golden days in Honor Society and wish to thank Mr. McGarigal for all his guidance and encouragement.

This year for the first time in the history of Whitman High School, the Whitman Band was host to the annual Southeastern Massachusetts Music Festival in May. Thirty-four bands and several Glee Clubs from surrounding counties participated to make this affair a great success. Much credit must be given to the Whitman Band Parent's Club, which made all this possible.

During the year the Whitman Band has carried on many activities. Whitman students chosen for the S.E.M.S.B.A. Band included Philip Leach, Harold Torrey, and Philip Davison. Harold Torrey and Philip Davison were also chosen for the All-State Band at Northampton.

The New England Music Festival was held in early March with Nancy Johnson, Peter Butler, Philip Leach, Harold Torrey and Philip Davison, representing Whitman High School.

The Whitman Band has enjoyed a busy and successful season and hopes to do as well next year.

The Whitman High Mathematics Club, "Square ṛ g's", has completed a second year of activity. The 1956-57 officers were Janet Best, president; Donald Straffin, vice-president; Roberta Hefler, secretary; and Frank Der Sarkisian, treasurer. Dorothy Buckman, George Sherman, MicheleCarr, Stephan Harrigan, Sally Caswell, and Meredith Grover were appointed to the program committee ; Roberta Beck and Donna Giberti made arrangements for refreshments throughout the year.

The club held a checker tournament in the fall, and prizes were awarded to the winners--Irene Milonas and David Blakeman.

Following the December meeting, a Christmas party was held at which Robert Haskins from the John Hancock Insurance Company told about the work of an actuary. Toys were wrapped and sent to the Lakeville Sanitorium.

In March the club helped to manage a Science Fair by aiding judges in computing scores and by destributing programs. The members also made contestant judge identification cards, place mats, and score sheets for the fair.

At one meeting the members made flannel boards to help introduce arithmetic fractions to fifth grade children. Assisted by the vocational shop class, the club made six boards and fraction kits and delivered them to the elementary schools.

The club's spring program included speakers who explained income taxes and the mathematics of art. Visual aids were from geometry class, and a picnic was later enjoyed by members of the Math Club.

THE EPICUREANS

The Epicureans, a new club in the Whitman High School, met bi-weekly during the year with its advisor, Mrs. Hobby. The club, which consists of Freshmen from ancient history classes, engaged in activities intended to stimulate interest in ancient world culture.

THE ASTRA (LATIN CLUB)

MOTTO: "Ad astra per aspera"--"To the stars through difficulties."
COLORS: Blue and silver.

The thirty-three members of the Astra held their first meeting on October, 11, 1956, under the supervision of Mrs. Elizabeth Austin, the advisor. The officers elected were Stephen Harrigan, Consul; Arno Tarvainen, Pro-Consul; and Rosemary Carr, Scriba. Members of the executive board, the Senatus, were also chosen and included Donna Giberti, Linda Milne, Irene Milonas, Kirk Paton, and Gary Porter, plus the club officers.

FRENCH CLUB

The newly organized French Club, "Le Cercle Francais", held its first meeting on November 28, 1956. Officers elected were Aletta Viniskas, president; Carol Seveigny, vice-president; Donna Giberti, treasurer; and Susan Georges, secretary.

At meetings during the year, the French Club, whose chief purpose is to give students a broader knowledge of French through pleasant activity, made plans for a formal induction ceremony and for attending French plays.

Next year, under the supervision of Mr. Blyler, the club hopes to expand its present program to include the study of cultural French history and the observance of French holidays and customs.

FUTURE TEACHERS OF AMERICA CLUB

The first meeting of the F. T. A. Club of Whitman High School was held in October. At this meeting, which included all students interested in teaching as a career, the following officers were elected: Ellen Driscol, president; Karen Kenny, vice-president; Louise Westgate, secretary-treasurer; and Irene Milonas, publicity chairman.

During the year the club has had various speakers: Dr. Mary A. O'Rourke, senior supervisor of elementary education in Massachusetts; Mrs. Katherine I. McInnis, head of the English Department at Whitman High School; and Mrs. June L. Millet, head of the mathematics department at Whitman High School.

Throughout the year, the members of the F. T. A. had a chance to become better acquainted with the teaching profession. They hope to continue this program in the years to come.

JUNIORS

These Junior leaders look forward to a golden senior year at Whitman High: Joyanne Packard, Vice-President; Kenneth Butler, President; Linda Bradshaw, Secretary; Mrs. Hobby, Advisor; Mr. Roth, Advisor; Thomas Simonis, Treasurer.

In our first year as upper classmen we elected as our class officers Kenneth Butler, President; Joyanne Packard, Vice-President; Linda Bradshaw, Secretary; and Thomas Simonis, Treasurer.

Our Junior boys shown on the football field this year with William Ferris, John Plausse, Jack Kailher, Urbain English, Gary Porter, Raymond Zeller, Gerald Benoit, John Davis, David Young, and John Milewski representing our class.

Our first real project was the Junior Dance entitled "Oriental Fantasy." Committees got under way and the dance was decorated in an Oriental motif. We all worked very hard on our dance with the help of our capable advisors, Mrs. Hobby and Mr. Roth.

Around the middle of October a committee consisting of our class officers, Sheila Whalen, Kathy Snow, Peter Butler, and our advisors interviewed representatives from several ring companies to make selections for our class rings. The one finally chosen had an oval ruby stone. In the center of the stone was a raised crest with W on it. On the side was the lamp of knowledge in raised gold. The rings were ordered, and they arrived in the latter part of March.

Four members of our class were elected to the National Honor Society after the second term. They were Judith Marsh, Nancy Barlow, Linda Bradshaw, and Betty Rowell. More of our class members were eligible after the third term.

Our class food sale in March was a huge success with the help of our class advisors and our active publicity committee under the direction of Tom Simonis.

We were well represented in all sports, both boys' and girls'.

The biggest project of the year was our Prom. When this book went to press, we were in the process of making plans for it. We have chosen "Stardust" as our theme, and plan to keep the decorations plain and simple.

Our class has had an exciting year, and we are looking forward to next year with mounting anticipation.

We wish to extend our best wishes to the Class of 1957

Sophomore Class Officers as they were photographed for the last time before becoming upperclassmen: Patricia Begg, Vice-President; John Matthews, President; Linda Milne, Secretary; James Fratus, Treasurer; Miss Kelleher, Advisor; Mr. Burbank, Advisor.

This year the Sophomore Class elected as its officers John Matthews, President; Patricia Begg, Vice-President; James Fratus, Treasurer; and Linda Milne, Secretary.

The outstanding activity of the year was the first dance of the Sophomore Class. A class meeting was held in the presence of Mr. Johnson and the advisors, and "Tonight in Dreamland" was selected as the name of the dance. Class members worked enthusiastically on various committees to make this event a success socially and financially. The Orchestra Committee with Alfred Benoit as chairman and the Decoration Committee with Sally Caswell as chairman were very successful in providing suitable atmosphere. The Publicity Committee headed by Rosemary Carr, displayed numerous posters and blackboard drawings. The Ticket Committee, whose chairman was Donald Thibodeau, left not one ticket unsold; and Eileen Conlon's Refreshment Committee provided more than enough refreshments.

Sophomores participated in many school sports this year. They were represented on the track and baseball squads; and John Matthews, Andrew Champignie, William Hinkley, Allen Drake, Alfred Benoit, James Fratus, Weston Meiggs and William Scott played varsity football. James Sullivan, Andrew Champignie, William Hinkley, and John Matthews were the Sophomores who played on the varsity basketball team. Playing on the girls' varsity basketball team were Rita Mendes, Billy-jo Hefler, Shirley Keene, Miriam Marsh and Carol Shay. Twelve eager sophomore girls appeared for tennis try-outs; and Carolyn Bennett, Meredith Butler, Patricia Begg, Carol Seveigny and Rose-Mary White made the team. Shirley Keene, Billy-jo Hefler, Marie Mansfield, Patricia Pierce, Gail Racicot, Margaret Reed and Judith Simonis played on the varsity softball team.

Chosen for Student Council were Alfred Benoit, Patricia Begg, John Matthews, Frank Der Sarkesian and John Campbell.

This year has been a busy and enjoyable one for the Sophomores.

FRESHMEN

During our first year at Whitman High School we, as Freshmen, found that we had much to learn. With the help and guidance of the upper classmen and faculty, we soon got used to things like make-up slips and passes.

Among the new experiences that we encountered was the football rally, which was very exciting to us

Many members of the Freshman Class have been active in sports this year. Several boys are already on the varsity and junior varsity football, basketball, and softball teams; and some of the girls have also been chosen for the girls' basketball and softball teams. Muriel Corliss and Barbara Zellar were selected as Freshman Cheerleaders.

Although we didn't elect class officers this year, Richard Bail, Peter Marchetti, and Paula Roan were our Student Council representatives.

The activities that we have participated in during the year have included the F.T.A., Epicurean, Latin and Math Clubs.

There were also Freshmen in the band this year including drum majorettes Linda Swenson, Nancy Farley, Alice Clark and Joan Yetsook.

We found this first year in high school very different from our previous years, but we hope to develop as well as the other classes have. With great anticipation we look forward to electing officers next year and to participating more actively in school affairs.

We, the Freshmen, extend our best wishes to the Class of 1957; and we hope that they will find happiness and success in the future.

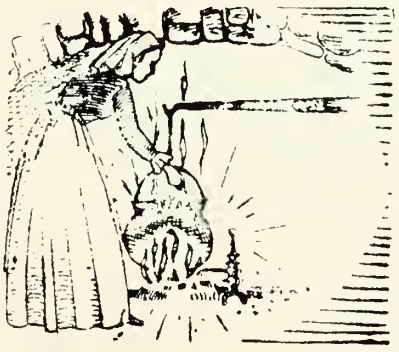
A PILGRIM DISCOVERY

Cranberries, growing wild on Cape Cod, were made into cranberry sauce by an unknown Pilgrim housewife. The Indians ate their cranberries raw, but the Pilgrim ladies stewed them with sugar as they did other fruits...thus, cranberry sauce!



Ocean Spray still follows this original, simple recipe in the preparation of famous Ocean Spray Cranberry Sauce, Ocean Spray Cranberry products: Jellied Sauce, Cranberry Juice Cocktail, and Dietetic Cranberry as well as Fresh Cranberries in season, making it possible to enjoy the flavor of cranberries all year round.
